6. We had the first of a planned series of meetings here on internal developments (particularly economic and social) in the USSR. Attendees included [redacted] and Bob Gates. One purpose of the meetings, which we intend to have at roughly monthly intervals, is to help plan research and analysis efforts both inside and outside the Community on Soviet internal developments.

7. [redacted] had background discussions with Policy Planning Staff officers at State on options for long-term US collaboration with Saudia Arabia. (State will prepare a paper analyzing US-Saudi compatibilty -- or lack thereof -- on key substantive issues.)

III. Future Activities

8. I will attend the SIG meeting on 7 December on INF.

10. NFIB meets Monday on our NIE on Law of the Sea and our SNIE on conflict in southern Africa. Other estimates well along in the production process are the SNIE on core positions of parties in the Palestinian dispute and one on Libyan activities in Africa.
